**RACE TO
THE STONES**

Welcome to Race to the Stones

CONGRATULATIONS – THE HARD PART IS ALMOST OVER

Signing up was the first big step - and an achievement in itself. You've committed to something remarkable: a challenge that stretches limits and takes you beyond your comfort zone.

After months of training through long, dark winter days and nights, take a moment to appreciate how far you've come and enjoy these final weeks of preparation.

Before long, you'll be standing on the start line at Race to the Stones 2026, ready to take on the trails. There will be highs and lows, moments that test you and moments you'll never forget - but trust in the work you've put in. You're more ready than you realise.

As part of this year's event, we continue to build on our Ultra 50:50 initiative, encouraging and supporting more women to step into the world of ultramarathons. The stories of those who've taken on this journey before - from returning runners to those overcoming life-changing challenges - remind us that every path is different, but the determination to say "yes" to the challenge is what unites us all. That shared spirit is what makes Race to the Stones so special.

This guide is designed to help you feel confident and prepared as you head into the final stretch. Every detail has been carefully considered to support you along the way. And when things get tough, remember you're never alone out there - the runners around you are part of the same journey, and that sense of community can carry you further than you think.

Good luck, and enjoy every step of the adventure.

RACE TO THE STONES

Registration, Bag Transfer & Start Waves

Bag Transfer

We will provide luggage transfer from the start to Basecamp/Halfway and then to the finish point of your package.

Your bag must be **waterproof** as we cannot guarantee it will always be undercover. Everything must fit inside your bag.

Overnight participants will access their luggage at Basecamp.

Non-stop participants will be able to access their luggage at Basecamp at Pitstop 4.

WEIGHT ALLOWANCE (to be strictly adhered to):

- / Day 1 / Day 2 / Non-stop: 5kg
- / 100km over 2-days / overnight: 10kg
- / The bag size is not limited, only the weight

Registration

You will receive your Registration Pack **when you arrive** at the event. This will include:

- / Race number (with timing chip)
- / Luggage label
- / Accreditation wristband (to be worn at all times)

For further details please see our FAQ page.

Please arrive to registration approximately 45 minutes before your start wave time.

Start Waves

We operate a staggered start system. Start waves will be allocated based on your estimated completion time.

If you are racing competitively, you must start in the first available wave for your race as trophies are based on gun-time.

Start timings are outlined below for each race distance. Participants' wave times will be communicated via email nearer to the event.

Route & Safety

SAFETY

Emergency numbers will be on the back of your race number. They will call through to our **EVENT CONTROL** team.

Please inform **EVENT CONTROL** if you leave the event at any point.

Walking Through The Night

Try and get into groups of at least two if you are continuing through the night. Please always have a head torch on and only stop at pit stops.

If You Get Lost

Stop and use reference points to try to work out where you are.

Walk back to your last known point/arrow.

If you are still lost call EVENT CONTROL.

Casualty Procedure

Call 999 direct in a medical emergency.

Apply First Aid and try to make your way to the nearest pit stop (medics onsite).

Ask for help from fellow participants.

If you cannot make it to the pit stop, call EVENT CONTROL.

Evacuation from the Route

In the case of a medical emergency, we will arrange evacuation from the course.

If you are just having trouble completing the distance, try to get to the next pit stop where we recommend arranging your own transport to the next Basecamp or the Finish.

Signage

All of the route will be marked with red arrows and the majority of the route is signposted as The Ridgeway National Trail.

Route maps are available on our website, but always follow the event signage in case there are any last-minute changes to the route.

Timing

Timings will be taken at Start, Pitstop 2, Basecamp, pitstop 6 and Finish and will be published online after the event. Timings are based on chip time.

Navigational Devices

Route distances are gathered using an electronic mapping system. This is as accurate as possible, but discrepancies can occur between different GPS running computers and atmospheric conditions. This may lead to minor differences in distance on the route.

**RACE TO
THE STONES**

Medical Support

Safety

Emergency contact numbers will go through to our Event Control team. These will be marked on the front of your race number.

Please add these numbers to your mobile contacts list and use them in an emergency.

In the case of a serious medical emergency, we will arrange evacuation for any participant from the course.

It is compulsory to wear a head torch between 8pm on Saturday and 6am on Sunday.

There are medical provisions at the start, pit stops, Basecamp and Finish. There will also be emergency medical care available and a medical clinic at Basecamp.

Top Tips From The Medical Team

Hydration, Hydration, Hydration!

If you are thirsty then you need to drink. Don't overdo the energy drinks or gels, as they can cause nausea/diarrhea.

Address An Issue Immediately

A little niggle or pain can lead to something more serious. Please seek medical attention as soon as you can.

Blisters

Please bring plenty of blister treatment with you. The medical teams at the event are there to treat the more serious medical cases.

A Note on Painkillers

When it comes to painkillers, we recommend paracetamol. Ibuprofen is an alternative, but concerns have been raised about the use of Ibuprofen and other NSAIDs (Diclofenac, Naproxen etc.) during endurance events. Whilst it is rare, if used when dehydrated or with severe muscle damage there is a potential increased risk of kidney damage.

NSAIDs can also cause stomach problems. If you have kidney or GI problems, we would strongly avoid using NSAIDs. If you do choose to use them or are given them on route, maintain hydrated and seek help if your urine becomes very dark. If in doubt, ask one of the medics who will be happy to assist you.

PLEASE NOTE: Routine use of painkillers for muscle aches and pains is discouraged.

RACE TO THE STONES

At Threshold ... We Believe That More Is In You

Our Purpose is to help people realise their potential through world class events.
We do this by:

- / Supporting individuals to go beyond what they feel is possible
- / Showing clients how they can fulfil their potential as responsible businesses
- / Enabling charities to maximise their fundraising and supporter engagement
- / Inspiring our employees to be the best versions of themselves

Fulfilling our Purpose, is only possible in the long term if sustainability is embedded in all that we do. For that reason, we believe passionately that our events should strive to have as positive impact on the natural world as they do on the teams and individuals that participate in them.

We have teamed up with [onboard:earth](#) and offer participants the chance to offset their travel emissions for just £3.35. You can do this purchasing 'Balance your travel emissions' through your Let's Do This account.

We're proud to team up with Jog On.

Finished with a pair of running shoes but they're not quite finished yet? Race to the King is proud to support Jog On, the UK's first running-shoe donation and recycling platform.

Jog On collects unwanted running shoes and redistributes them to people who need them, helps shoes get reused or responsibly recycled, and keeps thousands of pairs out of landfill every year.

If you've got running shoes you no longer use, bring them along and donate them at the event. Whether they've carried you through training miles or race-day highs, your shoes could help someone else take their first steps into running.

**RACE TO
THE STONES**

Ultra 50:50

Ultra 50:50 endeavours to achieve gender parity and set new industry standards to inspire, empower and enable more women to take part in events at the toughest end of the running distance spectrum.

In order to do this, we've partnered with SheRACES, grassroots running groups, female runners, as well as those not already in the running community, to not only understand the challenges that prevent women from taking part in ultras, but to address these challenges head on.

Breastfeeding Support

If a participant gets in touch to say they will be breastfeeding on our events, we will do everything we can to support them and to make them comfortable. We will make sure the start, basecamp, finish, and each pit stop has a chair and preferred open or private area for them to breastfeed.

Toilets

There will be female only toilets across all sites on the event and toilets will be stocked with sanitary products.

Safety & Race Rules

On every event we have our route director give a participant brief to each start wave. This includes things like adopting the correct etiquette out on the route, do's and don'ts, safety reminders, and more.

Sanitary Products

Expect to see sanitary products at all info desks, pit stops and inside the toilets, throughout the event. If at any point there happens to be an empty box, please inform a member of crew as soon as you can.

Night Running

Running in the dark is a huge barrier for many people when deciding to take on an ultra. This year we are introducing a **Trail Buddy** system at the nighttime pit stops, where you have the option to wait for someone else who would also like to buddy up to continue together.

You can read more about our inclusion commitments [here](#).

RACE TO THE STONES

Volunteering

We are looking for amazing people to join our world-class volunteer team to support participants taking part in our Threshold Trail Series.

Walk, jog or run, it's up to the participants to decide but nothing is possible without the undying support of those on the sidelines. As a member of our brilliant volunteer team, you will be a key part of these inspirational individuals' success.

We're looking for enthusiastic, proactive, and practical individuals to help us make this a memorable weekend by taking on a variety of roles, such as:

- / Welcoming participants to the event sites.
- / Helping at registration and assisting with participant queries.
- / Joining the teams at the Pit Stops along the route.
- / Helping at tent allocation and other Basecamp roles.
- / Cheering participants over the Finish line and handing out medals.

Volunteering is an excellent opportunity to enjoy the people around you and take in the beautiful surroundings.

If you're a people person with a passion for the great outdoors, you could be the perfect Threshold volunteer.

Benefits

Volunteers at Race to the Stones will be eligible for the following rewards.
